Fare Share is continuing to train TAC members in the issues of governance and community participation. Mr Owatile Letebele (Fare Share Limpopo Co-ordinator) has been committed in advancing the knowledge of the TAC Mopani members in the above-mentioned issues. This is to equip community members with the knowledge and skills to hold public servants accountable in the planning and use of public finances in the local government sphere. The training was attended by branch members including Prevention Treatment Literacy Practitioners and the Community Health Advocates. The training will assist TAC members to participate effectively in the Integrated Development Plan and in the Local AIDS Council. The second phase of the training was held from the 28 to 30 April 2009.
